A computer science enthusiast with strong communication, leadership, and problem-solving skills. Seeking a Software Engineering, Data Science, or Machine Learning internship that fosters passion, collaboration, and innovation.

EDUCATION

SEPTEMBER 2021 - JUNE 2023(EXPECTED)

B.S. COMPUTER SCIENCE, UNIVERSITY OF CALIFORNIA, IRVINE

GPA: 3.75 – Dean's Honors List

AUGUST 2020 - MAY 2021

A.S. MATHEMATICS, A.A. ECONOMICS, SADDLEBACK COLLEGE

GPA: 4.00

Graduated summa cum laude.

Relevant Coursework: Intro to Computer Science 1, 2, 3, Data Structures, Discrete Math 1, 2, Linear Algebra, Computer Organization and Machine Language, Intro to Java, Intro to Python

PROJECTS

MARCH 2021 – MAY 2021

BASEBALL TOURING APPLICATION, GROUP PROJECT, PRODUCT OWNER

Tools: QT, SQL, C++, Git/Github

- Designed an application to let baseball fans tour baseball stadiums
- Delegated tasks and responsibilities to group members
- Developed back-end features to connect a baseball database to extract data and implemented admin functions
- Coordinated with developers to meet weekly deadlines

JANUARY 2021 – MARCH 2021

COLLEGE TOURING APPLICATION, GROUP PROJECT, DEVELOPER

Tools: QT, SQL, C++, Git/Github

- Designed an application to let students tour college campuses
- Developed back-end to parse text files to add campuses to the database
- Collaborated with another developer to design college trips

SKILLS

TECHNICAL SKILLS

TOOLS:

Git/Github, QT, Agile/Scrum, Linux

LANGUAGES:

C++, Java, Python, SQL, LaTeX, R

SOFT SKILLS

Collaboration, Communication, Self-management, Programming Logic, Leadership, Problem Solving
